Hadley, Telford

LOCATION

Hadley Park is located approximately 2.5 miles northwest of Telford Town Centre, with excellent access via the A442 dual carriageway to Junction 5 of the M54 motorway, which is approximately 15 miles to the east and gives access to the national motorway network.

Telford is strategically located adjacent to the M54 motorway approximately 10 miles to the east of the county town of Shrewsbury. Wolverhampton and Birmingham are approximately 16 and 35 miles to the south respectively.

The property itself forms part of the former Hadley Castle works, an established industrial complex predominantly occupied by GKN Wheels and Structures, which is currently being redeveloped as 'Hadley Park' and offers a number of refurbished units and yards to let. Recent occupiers include Elements Europe.

DESCRIPTION

The property comprises a substantial open storage yard on the site of the former industrial facility known as C205 at Hadley Park, which has now been demolished.

The site offers a level concrete yard suitable for general storage uses, which benefits from an established industrial location with secure access via a communal gate for the estate and 24-hour manned security.
