It lies close to Telford Town Centre, which is currently undergoing substantial investment as part of the Southwater Programme, and close to the town's main railway station the A442 Queensway distributor road, and Junction 5 of the M54 motorway. There is a children's nursery and a cafe/diner on site.

### DESCRIPTION

Grosvenor House is a modern detached office block, which extends to approximately 62,000 square feet and incorporates 45 self-contained office suites arranged over four floors. The building benefits from an attractive full height glazed atrium to the front elevation and sits in landscaped grounds with an excellent car parking allocation.

Grosvenor House incorporates a central reception area on the ground floor with a commissionaire on duty during working hours. As well as the main staircase, there are two passenger lifts and ladies/gent's/disabled WC facilities on each floor. 24 hour security is in operation seven days a week and there are security systems installed on the ground floor of the building.

Each suite within Grosvenor House benefits from a single designated car parking space in the basement car park, together with use of the barrier controlled surface car park to the front of the building on a first come, first served basis.

A typical office suite provides open plan and/or partitioned office space with kitchenette, which is fully carpeted and has 3 Compartment recessed floor trunking. Some suites have air conditioning. There is also a fibre optic datalink available to each suite. Please refer to the agent for full details.
